

Time Zones

You can select the **time range** you want the form link to be accessible.

On the Launch page check the **Form availability settings** box to set up the start time and end time for your form. For more information, please see the [Distribution](#) page.

Form availability settings

Set Start and End Dates (optional)

Start date EST

End date EST

Send alert when the Form expires [Edit Email](#)

The application uses the **EST time zone by default**, so if you need to **convert** your local time to EST, please see the list of time zones relative to EST below.

Time	Time Zone
